

REMARKS/ARGUMENTS

Favorable reconsideration of this application as presently amended and as amended in the March 11, 2005 Amendment, is respectfully requested.

Claims 1-7, 10-23, 28-36, 38 and 39-52 are presently active in this case, Claim 39 having been amended; and Claims 40-52 added by way of the present amendment.

Applicants wish to thank Examiner Lee for the May 3, 2005 telephone discussion at which time outstanding issues in this case were discussed. During the discussion, Examiner Lee explained that Claim 39 is in improper multiple dependent form, and should be separated into individual claims. The present Supplemental Amendment is submitted in order to make these changes as suggested by the Examiner.

Consequently, in view of the present Amendment and the Amendment filed March 11, 2005, no further issues are believed to be outstanding in the present application, and the present application is believed to be in condition for formal Allowance. An early and favorable action is therefore respectfully requested.

Respectfully submitted,
